"I think that Aftershock foremost comes from a great mating. The great pedigree of Atlee with her style and balance and her length of body and neck is a perfect fit for Shottle. Aftershock in my mind should transmit the dairy strength we need and also give you both show quality and long lasting hard working cattle that we are looking for. He could be one of those rare bulls you can use on almost everything."

Hank Van Exel, Lodi, California

« Je crois que Aftershock est le résultat d'un excellent croisement. L'excellente généalogie de Atlee, avec son style, son équilibre et la longueur de son corps et de son cou, sont un choix parfait pour Shottle. Je crois que Aftershock devrait transmettre la force laitière dont nous avons besoin et qu'il élèvera des sujets de qualité qui feront leur marque aux expositions, et qui dureront longtemps. Il pourrait être un des rares taureaux que vous pourriez utiliser sur presque toutes vos vaches! »

Hank Van Exel, Lodi, California
