"This cross combines the size, scale and power of Encore with the flat bone, extreme quality look that you get from Durham. Great udders and feet and legs will come from both sides of the pedigree. EXPLODE should give you long lasting, trouble-free cattle with the will to milk. This is the cross that is working today – Durham x Encore!"

« Ce croisement combine la grosseur, le poids et la force de Encore avec l'ossature plate et toute la qualité que vous obtenez de Durham. De bons pis et d'excellents pieds et membres proviennent des deux côtés de la généalogie. EXPLODE devrait vous donner des sujets qui dureront longtemps, sans problèmes, et qui produiront. C'est le croisement idéal en ce moment – Durham x Encore ! »
