*"Iatola on Merit Kaper should be a tremendous cross. He sires good udders which when mated on this maternal line should make a sure-shot mammary. The great depth and openness of rib on the Kaper cow will compliment the rib structure left by Iatola. Iatola's great feet and legs will also compliment the Kaper cow and family."*  
- Ken Empey, Dorchester, ON

*«Iatola sur Merit Kaper devrait être un bon croisement. Il donne de bon pis qui, lorsque croisés avec cette lignée maternelle, devrait donner des systèmes mammaires de grande qualité. La profondeur et l'ouverture des côtes sur Kaper complètera la structure des côtes de Iatola. Les superbes pieds et membres de Iatola complèteront également Kaper et sa famille.»*
